

Zestra® Essential Arousal Oils™ -Quick Facts-

Feel the Zestra Rush™

A scientific breakthrough in women's sexual satisfaction, Zestra® is a safe, patented blend of botanical oils and extracts. Hormone-free Zestra was developed because all women deserve to *feel more*, and it is the first product established in clinical trials to improve a woman's feelings of desire, arousal and sexual satisfaction.

Topically applied, Zestra increases a woman's sensitivity to touch to enhance her sexual pleasure. After applying Zestra, the effects – the Zestra Rush™ – generally begin within 3-5 minutes, peak at 10 minutes, and last for up to 45 minutes.

Safe Botanical Solution

Zestra's unique, patented blend of botanical oils and extracts creates deep pleasurable sensations. The botanical ingredients in Zestra include PA-free Borage Seed Oil, Evening Primrose Oil, Angelica Extract, Coleus Forskholii Extract, Theobromine, and the Anti-Oxidants Vitamin C and Vitamin E.

Zestra's botanical ingredients work together to safely and effectively enhance female sexual pleasure, sensation, sensitivity and satisfaction.

Clinically Proven to Work

Zestra is the first, topically-applied product established in clinical trials to improve a woman's level of desire, arousal and sexual satisfaction.

- Two clinical studies were conducted involving over 200 women at leading research centers in the United States
- More than seventy percent of women reported increased arousal—and this was achieved over multiple uses, indicating that Zestra works each and every time
- These clinical trials documented Zestra's effectiveness for a wide array of women

In addition to stories from women who have felt the Zestra Rush™, Zestra is widely recommended by doctors and other women's healthcare professionals.

Availability

Zestra is available online at www.Zestra.com and at select leading retailers including Wal-Mart, Kmart, Target, Meijer and Rite Aid. For more information about Zestra, visit www.Zestra.com.
